Neues aus Arturia - Geheime Schlachtpläne enthüllt!!!

Ein Sonderbericht von Marius Masterus

15 Jahre sind seit der letzten Expedition zum Drachenberg vergangen. Neue Kolonien wurden gegründet und die Gruftkönige herrschten über einen Großteil des Landes. Aber dann geschah das unerwartete – der Drachenberg erwachte zu erneutem Leben und Drachen verwüsteten die Ländereien und Arturia wuchs aus dem Meer zu einem Kontinent. Die Wüstensöhne verließen unter dem Druck der Gruftkönige und der Drachen Arturia. Die Zwerge zogen sich mit wenigen Recken in ihre Bergfestung zurück. Bei den Orks setzte sich der langjährige Streit fort und viele interne Kämpfe später waren fast nur noch Goblins übrig. Aber auch die Gruftkönige konnten nur ein kleines Gebiet vor den Drachenangriffen schützen.

In den letzten Monaten hat sich der Drachenberg beruhigt und auch vom Drachen ist nicht viel zu sehen ... und schon erwacht die Gier nach dem unermesslichen Drachenhort erneut. Die Zwerge unter Bergkönig **Thorak Eisenbeisser** senden erste Expeditionen durchs Land, die Orks und Goblins scheinen sich unter neuer Führung von **Boss Das große Grüna Zackpackbumm** zu versammeln. Das Imperium kehrt mit neuen Kräften mit dem Sohn des legendären Konrad Holzapfels, **General Heinrich Holzapfel** zurück und auch die fanatischen Hexenjäger mit **Hadubrand Hexenhammer** an der Spitze haben viele Feinde auf der Insel gewittert und wollen das Böse zurücktreiben. Denn auch der unsterbliche **Settra, Fürst von Nehekara**, wähnt seine Chance. Das Chaosreich hat ebenfalls seine Fühler ausgestreckt und **Garook, der Knochensammler, der große Jäger, Geisel der Südländer, König der Klans, Geliebter der Vier, Erbe des Cryenwolf, General im Namen des Chaos** möchte die Mission von Hexamendios zu Ende führen. Neben den bereits auf Arturia bekannten Völkern haben sich auch die Ratten auf die lange Reise gemacht. **Der große Seher Skeeletishka** dirigiert die Rattenhorden. Auch andere Untote wagen sich aus Ihren Gruften: **Graf Bluthowig von Thursdig** möchte auch außerhalb der bekannten Lande Blut lecken.

Die nun bekannt gewordenen Armeelisten und die berühmtesten Feldherren der Gegenwart lassen keinen Schluss auf den Ausgang dieses Feldzuges zu. Die Masse an Kriegern ist gewaltig.

Liebe Leser, in Kürze ist es soweit und die Legende von Arturia wird gelüftet und ein strahlender Sieger wird über das Inselreich herrschen. Der Middenheimer Bote wird versuchen weiter alle wichtigen Informationen zu veröffentlichen.
